Professional Experience

7 Years of Frontend Development Experience

Core Frontend: HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS

React.js: 2+ Years of Professional Experience, **Next.js Fundamentals**

PROFESSIONAL SUMMARY

Frontend Developer with 7 years of professional experience in designing and developing responsive, user-friendly web applications using HTML5, CSS3, JavaScript, Bootstrap, and React.js.

- 2+ years of hands-on experience in React.js application development, including reusable components, React Hooks, React Router, and state management.
- Strong experience in building responsive and cross-browser compatible user interfaces for desktop, tablet, and mobile devices.
- Proficient in developing Single Page Applications (SPAs) using React.js and React Router.
- Experienced in integrating frontend applications with REST APIs and working with JSON data.
- Familiar with Git-based version control, Agile methodology, Scrum, code reviews, and deployment workflows.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Next.js, React Hooks, React Router

UI: Bootstrap, Tailwind CSS, Responsive Design

State Management: Redux, Redux Toolkit

API & Data: REST APIs, Axios, JSON

Tools: Git, GitHub, NPM

PROFESSIONAL EXPERIENCE

Apexon — Web Developer

May 2024 – Aug 2024

Client: C Prime

- Developed and maintained responsive web application interfaces using **HTML5, CSS3, JavaScript, and React.js**.
- Built reusable **React.js components** based on business requirements and UI designs.

Technologies: React.js, JavaScript, HTML5, CSS3, Responsive Web Design

Poorvika Mobiles (P) Ltd — UI Developer

Oct 2019 – Feb 2024

Client: Poorvika

- Developed and maintained responsive web application interfaces using **React.js, JavaScript, HTML5, and CSS3**.
- Developed reusable React components and implemented multiple application modules based on functional and UI requirements.
- Worked with responsive layouts to provide consistent user experiences across desktop, tablet, and mobile devices.
- Used **Git** for source control, code management, and collaborative development.

Technologies: Next.js, Typescript, React.js, Redux, Tailwind CSS, Git

GYSO ECOM Services (P) Ltd — UI Developer

Jan 2019 – Sep 2019

Client: Poorvika

- Developed dynamic and responsive web pages using **HTML5, CSS3, JavaScript, and Bootstrap**.
- Converted UI designs into reusable and responsive HTML/CSS layouts.
- Improved existing website interfaces to follow modern web standards and responsive design practices.

Technologies: OpenCart, HTML5, CSS3, JavaScript, Bootstrap, Responsive Web Design

360degreeinfo Pvt. Ltd. — UI Developer

Aug 2016 – Jan 2019

Projects: SS Hyderabad Biryani | Jaipur Gems & Jewel | Rindz | KGS Clinic

- Developed dynamic and responsive web pages using **HTML5, CSS3, JavaScript, and Bootstrap**.
- Converted design requirements into structured and responsive web interfaces.
- Developed layouts compatible with **desktop, tablet, and mobile devices**.

Technologies: HTML5, CSS3, JavaScript, Bootstrap, Responsive Web Design

PROJECTS

Admin Dashboard & Management System

React.js | JavaScript | Tailwind CSS | React Router | Redux Toolkit | REST API

- Developed a responsive admin dashboard using **React.js** and Tailwind CSS with reusable and scalable UI components.
- Built reusable components including **Data Tables, Forms, Modals, Dropdowns, Tabs, Filters, Pagination, Cards, and Status Controls**.
- Implemented **search, filtering, pagination, sorting, and CRUD workflows** for management screens.
- Integrated frontend applications with **REST APIs** using Axios and handled loading, error, and empty states.
- Implemented reusable form components with validation and controlled state management.

E-Commerce Web Application

React.js | JavaScript | Tailwind CSS | Redux Toolkit | REST API

- Developed a responsive e-commerce application using **React.js** and modern frontend development practices.
- Implemented product listing, product details, category filtering, search, cart, checkout, and order management features.
- Built reusable components for **Product Cards, Cart Items, Quantity Controls, Order Summary, Checkout Forms, and Navigation**.
- Integrated REST APIs for products, cart, and order-related operations.
- Implemented global cart and order state management using **Redux Toolkit**.
- Added loading, error, and empty states to improve the user experience.

PERSONAL PROJECTS

- **Tech Store** – E-Commerce | React.js
- **Auro Shop** – E-Commerce | React.js, TypeScript
- **Auro Shop Admin** – Admin Dashboard | React.js, TypeScript
- **Payroll Management System** | Next.js
- **Chit Fund Management System** | React.js
- **Dineflow restaurant management** | React.js

PREVIOUS PROJECTS

- **SS Hyderabad Biryani** – Restaurant Website | HTML, CSS, JavaScript, Bootstrap
- **Jaipur Gems & Jewel** – Jewellery Website | HTML, CSS, JavaScript, Bootstrap
- **Rindz** – Business Website | HTML, CSS, JavaScript, Bootstrap
- **KGS Clinic** – Healthcare Website | HTML, CSS, JavaScript, Bootstrap

EDUCATION

Bachelor of Computer Science

Arunai College of Engineering, Thiruvannamalai
2010 – 2013

Diploma in Computer Science

Shri Sitheeswarar Polytechnic College, Vellore
2009 – 2011

Higher Secondary (12th)

Rathinagiri Bageerathan Matriculation Higher Secondary School
2007

SSLC (10th)

Rathinagiri Bageerathan Matriculation Higher Secondary School
2005
